## MEGA CETUS – U BRACKET PROJECTOR

LAST UPDATE: 14-06-2024

CETUS is the next generation circular shaped projector designed for strict energy efficiency requirements as well as modular and versatile use cases. The control gear lifetime is extended by thermal isolation from the light source. The optional built in surge protection device reinforces CETUS ability to withstand toughest ambient conditions. CETUS is equipped with the UniBlockDelta-P-Guard to rapidly equalize pressure potential in case of rapidly changing ambient conditions. Ultra-tough silica-boron trioxide glass is used for superior chemical resistance and class leading IK09 impact resistance. The Unilamp modular solutions system allows adoption of CETUS to any type of installation requirement even years after delivery. Circular economy assessment according to CIBSE TM66 is available on request.

### Technical Data

|                       |                    |

| Luminaires Body Housing   | High-pressure die cast aluminum alloy body and components.<br>Stamped 1100 aluminum.  |   |          |   |             |   |              |   |                    |   |          |   |                 |
| Coating Process   | Nano Ceramic surface conversion, resistant to corrosive environment. Luminaire primarily coated with epoxy resin and top coated with UV stabilized polyester powder and cured in digital temperature controlled chamber at 200°C.   |   |          |   |             |   |              |   |                    |   |          |   |                 |
| Diffuser  | Impact resistant safety tempered glass cover. Able to withstand the temperature up to 250°C.  |   |          |   |             |   |              |   |                    |   |          |   |                 |
| Lens  | Molded PC lens from renowned manufacturers in various light distribution patterns.  |   |          |   |             |   |              |   |                    |   |          |   |                 |
| Adjustable Optic  | Adjustable aiming unit through graduated scale.   |   |          |   |             |   |              |   |                    |   |          |   |                 |
| Gasket  | Post-cured treated silicone gasket. Temperature and weather resistant. Working temperature -40°C to +200°C.   |   |          |   |             |   |              |   |                    |   |          |   |                 |
| External Screws   | External screws are in stainless steel with protection grease.  |   |          |   |             |   |              |   |                    |   |          |   |                 |
| Cable Entry   | Cable entry protected by M20 cable gland. To be used with H05RN-F/ H07RN-F cable with 7-13mm. diameter.   |   |          |   |             |   |              |   |                    |   |          |   |                 |
| Led   | High efficiency LED module in COB technology. Assembled on MCPCB and mounted on to heat conductive material.  |   |          |   |             |   |              |   |                    |   |          |   |                 |
| Driver  | High quality DALI driver in constant current. Conform to applicable safety standards and electromagnetic compatibility.   |   |          |   |             |   |              |   |                    |   |          |   |                 |
| Internal Wire   | Tinned copper conductor with silicone insulated internal wire. IMQ approved. Working temperature -40°C to +180°C.   |   |          |   |             |   |              |   |                    |   |          |   |                 |
| Terminal Block  | Terminal block in GFR PA6.6 for cable with cross section up to 2.5 sqmm. VDE approved.<br>Class1 luminaire provided with the earth connection.  |   |          |   |             |   |              |   |                    |   |          |   |                 |
| Pre-Wire Cable  | Pre-wired with 5-core cable for power (3x1 sqmm.) and dimming signal (2x1 sqmm.).   |   |          |   |             |   |              |   |                    |   |          |   |                 |
| Caution   | Installation work has to be carried on according to the enclosed installation manual.   |   |          |   |             |   |              |   |                    |   |          |   |                 |
