POLE MOUNTED LIGHT

LAST UPDATE: 15-08-2025

AURA is a louvered pole-top luminaire designed to deliver comfortable, symmetrical light distribution for outdoor environments. With a recommended mounting height of 3–4 meters, it provides effective medium-level illumination suitable for walkways, gardens, parks, open spaces, and commercial landscapes. The fixture supports E27 lamp bases, accommodating retrofit LED or compact fluorescent lamps, offering flexibility and energy efficiency. An internal glare-suppression louver enhances visual comfort by reducing glare and minimizing upward light emission, while the top-reflecting disc directs light downwards for improved uniformity. A durable PMMA cover safeguards the lamp compartment against dust and water ingress, ensuring long-lasting performance. AURA can be combined with galvanized steel poles and anchorage units for reliable installation, making it an elegant and practical choice for public and residential outdoor lighting.

Technical Data

Ordering Code :	7701-O-2-407-XX
Lamp :	Led Retrofit A60
Socket	E27
CCT :	2700–6500 K
Lamp Wattage :	9–12 W
Ambient Temperature :	25°C
Controller :	On–Off
Input Voltage :	220–240Vac 50/60Hz
Net Weight :	– kg.

Specification

IEC Standard	IEC 60598-1 General Requirement IEC 60598-2-1 Fixed Luminaires
Protection	IP65 Class I
Luminaires Body Housing	Premium high-strength cast aluminum component for durability and performance. Extruded 6063 aluminum body with minimal copper content for corrosion resistance.
Coating Process	Durable UV-resistant polyester powder coat for outdoor applications.
Diffuser	High-performance weather-resistant extruded PMMA with hardened coating.
Reflector	Precision-engineered aluminum louvers reduce glare and enhance control.
Gasket	High-durability silicone gasket for long-lasting sealing performance.
External Screws	Durable stainless steel screws with anti-corrosion grease for extended lifespan.
Lamp Holder	Certified E27 ceramic lampholder designed for high-temperature applications.
Pre-Wire Cable	Certified pre-wired 3x0.75 sqmm cable, featuring HO5RN-F neoprene insulation.
Caution	Installation must be performed as per the provided installation instructions.
