POLE MOUNTED LIGHT

LAST UPDATE: 28-02-2025

KORNER is minimalistic linear shaped pole luminaire and wall light. The use of clear lines, closed surfaces and hidden mounting hardware provide an attractive unobtrusive appearance, and easy installation. The unique 16 stage paint process and use of virtually copper free aluminum alloys guarantee an ultra-long product lifetime. KORNER is suitable for medium mounting heights when using aluminum poles and high mounting heights of up to 8m in combination of steel poles. Existing circular poles can be utilized with the use of the innovative clamping system. KORNER uses high efficacy LED modules and CAD optimized optics. Ready for light management systems using the D4i protocol and Zhaga book 18 interface. Withstanding ambient temperatures of 50°C and electrical surges make KORNER applicable for most challenging environments.
